## PROFILE

I am a childcare provider with a multi-disciplinary education background and an interest in working as a childcare provider in the Berlin metropolitan area. I believe that every child has huge potential and I enjoy working with them to overcome challenges. I have had rewarding experiences working with children with physical and developmental disabilities. I have witnessed positive growth and transformations in children I have worked with; I would like to think that my work practicing respect, good communication and hard work - was part of those positive changes.

## WORK EXPERIENCE

### Nanny

*Berlin | Feb 2020 - Jul 2020*

Served as full-time nanny for a 2-year old. Provided in-home care. Occasional help with 8 year old sister.
